

Sinead O'connor "I Want Your Feat. Rap"

Visit "[I Want Your Feat. Rap](#)" on MotoLyrics.com

[released as a single in 1988, this version is slightly Different from it's original which can be found on 'the lion and the cobra'. this version features a rap by mc lyte.]

I want your hands on me
What i want, give me
You know i wanna please you
What i wanna do to you

You don't waste no time, do you?
You know i'm looking through you
Why you wanna tease me
I want you to come and please me

Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me

You know that i can thrill you
I want you to call me to you
I wanna move, will you?
I really wanna feel you

Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me

Say hello my name is.....
How my name is lyte, lyte, lyte, lyte, lyte
Look i'm in the mood for love
Look i'm in the mood for love
Simply because you're near me

Simply because you're near me

I'm not the type of girl to put on a show
'cause when i say no, yo i mean no
But when it comes to you
I just can't refuse
I've been around the bush
Give you all types of boot
I love the way you make me feel
I'd never fight it
And when you are near i get so excited
I want you to love me and just touch me
Oh put your hands, put your hands on me

Put your hands on me
Put your hands on me
Put your hands on me
Put your hands on me
Put your hands on me
Put your hands on me
Put your hands on me

Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me

Hands, gimme those
Hands, gimme loads

I want yours
Gimme, yes
Gimme, yes

Aaahhhh

Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me
Put'em on, put'em on, put'em on me

Hands, gimme those
Hands, gimme loads
