Locked in misfit hi-tech  
It's the high ground rita rita  
Making out for all the thrill of it  
Six of them all got a reason

And your mouth outlined with fire  
Power breaks i've seen you there for sure

I went to sleep last night  
And my baby was long gone  
Then i marked the blank time  
That stares back  
And i opened opened wide the distance

And your mouth outlined with fire  
Power breaks i've seen you there for sure

Soft words that beguile you  
And your eyes are far already  
Spirit came out here  
To guide you  
Very lightly from your sleeping

And your mouth outlined with fire  
Power breaks i've seen you there for sure

There for sure  
There for sure  
There for sure  
There for sure
