She's so beautiful
I know I've got to have her

I am not the man you think I ought to be
I am just exactly who I want to be
I don't need a crowd to come and rescue me
'Cos I stand alone and I'm in company

Sometimes I can make it sit so comfortably
Gets so hard to keep it going, don't you see

She's so beautiful
I know I've got to have her
She's so beautiful
I know I've got to have her

I don't think you know what's really good for me
When I scream it gives me back my sanity
Everything that's real, is not reality
All the dreams I have bring out the best in me

She's so beautiful
I know I've got to have her
She's so beautiful
I know I've got to have her
I've got to have her

She's so beautiful
I know I've got to have her
She's so beautiful
I know I've got to have her

She's so beautiful
