Lonely man
Tired man
Play the blues
Sing while you have nothing to lose
Silver moon
Weeping moon
Cry for me
Show me your soul sympathy

You have done all you can
Live no more
Sigh as you walk through the door

Take my hand
Take my hand
Lie on sand
Rest on sand

Close your eyes
Slowly close
Go to sleep
Sleep while you've dreams to keep

You have meant all you can
Live no more
Sigh as you walk through the door

Take my hand
Take my hand
Lie on sand
Rest on sand

Windy shore
Crying
But don't cry no more
