"The Wolf Is Getting Married"
used to have no
wolves around mernl was too free, if that's possible to
bernNo safety, is what I meanrnNo solid foundation to
keep mernrnBut the sun's peeping out of the
skyrnWhere there used to be only grayrnThe wolf is
getting marriedrnAnd he'll never cry againrrnYour
smile makes me smilernYour laugh makes me
laughrnYour joy gives me joyrnYour hope gives me
hopernrnAnd the sun's peeping out of the skyrnWhere
there used to be only grayrnThe wolf is getting
marriedrnAnd he'll never cry againrrnNever cry
againrrnEven if something terrible is happeningrnYou
laugh and that's the thing I love about you most,
yeahrrnYour smile makes me smilernYour laugh
makes me laughrnYour joy gives me joyrnYour hope
gives me hopernrnAnd the sun's peeping out of the
skyrnWhere there used to be only grayrnThe wolf is
getting marriedrnAnd he'll never cry again
