We people who are darker than blue  
Don't let us hang around this town  
And let what others say come true

We're just good for nothing, they all figure  
A boyish grown up, shiftless jigger  
Now we can't hardly stand for that  
Or is that really where it's at?

We people who are darker than blue  
We've got no time for segregating  
I'm talking 'bout brown and yellow too

I, a white girl, can't you tell?  
I'm just the surface of our dark deep well  
If your mind could really see  
You'd know your color same as me

Pardon me, brother as you stand in your glory  
I know you won't mind if I tell the whole story

Now I know we have great respect  
For the sister and mother, it's even better yet

But there's the joker in the street  
Loving one brother and killing the other  
When the time comes and we are really free  
There'll be no brothers left to see

We people who are darker than blue  
Don't let us hang around this town  
And let what others say come true

We're just good for nothing, they all figure  
A boyish grown up, shiftless jigger  
Now we can't hardly stand for that  
Or is that really where it's at?

Pardon me, brother, as you stand in your glory  
I know you won't mind if I tell the whole story, yeah

We people, we people  
We people, we people  
We people, we people

We people, we won't let them say  
We people, we're no good for nothing  
We people, we won't stand for that  
We people, we people
