Oh-oh-oh, oh-ohhhh-oh-oh  
'Nother day, not a sign, no word from you  
Oh-oh-oh, oh-ohhhh-oh-oh  
Oh one more lie, another tear  
Said you'd change but nothin' did  
Oh you should know-ow-ow  
I believed you, I belie-ieved you  
I could be your lover, I could be your fool  
I could be your full time girl, make a promise to you-ou  
Look inside - your heart - and you will see  
There's a little piece, a little piece, a little piece of me  
There's a little piece, a little piece, a little piece of me

Oh-oh-oh, oh-ohhhh-oh-oh  
'Nother day, not a sign, no word from you  
Oh-oh-oh, oh-ohhhh-oh-oh  
Oh one more lie, another tear  
Said you'd change but nothin' did  
Oh you should know-ow-ow  
I believed you, I belie-ieved you  
I could be your lover, I could be your fool  
I could be your full time girl, make a promise to you-ou-  
ou  
Look inside - your heart - and you will see  
There's a little piece, a little piece, a little piece of me  
There's a little piece, a little piece, a little piece of me

You give yourself to whom ever you meet  
And they all, they all take a piece, all take, no givin'

I believed you, I belie-ieved you  
I could be your lover, I could be your fool  
You could be my tag-along man, make a promise that's  
true-ue-ue  
Look inside - your heart - and you will see  
There's a little piece, a little piece, a little piece of me  
There's a little piece, a little piece, a little piece of me  
There's a little piece, a little piece, a little piece of me
