(Verse 1: Donnie)

Get caught in the hotness, when you went and bought
this

You knew I was greater but I guess you forgot this
Got hits, got rich, now we got the ladies
Driveway looks like a car lot for Mercedes
Some girls try to play me, I end up playing them
Give me all their money, what you saying then?
You ain't paying them, only Donnie gets paid
Its played, your chips fade, while uh, Donnie's shit
stays

And I won't give up, all the rhymes I spit up
Like a hick-up, while your career gets stuck
Funny how the gats you pack don't mean jack
White, brown, black, you can't attack the mac
Quite honestly I promise thee, quick to drop the bomb
on G's

Ironically, you copy me, like the wind you're gone with
thee

Miss with the bullets cuz you hesitate to pull it
You know you're acting foolish, Donnie saw right
through it

(Hook: Special K)

A player of the game does his thing like this
Don't never get stopped, just keep making hits
No matter what you say we keep taking chips
On and on until it makes us sick
A player of the game does his thing like this
Don't never get stopped, just keep making hits
No matter what you say we keep taking chips
On and on until it makes us sick

(Verse 2: Peter Gunz)

Ask Gunz for a favor, better say the magic word
We the real players, I guess the fagots heard
Its obsurd how the game is the same most of the time
Most of the crimes, are when they boast of their
rhymes
Can't drop a hit, till they pop a clip
Stop the shit, on top of it, just because they brought a

chic

Even though he playa hate, I'm a gentleman
But next time I'll bust his lip, so he better have a dental
plan
Stay true to the player testament, to girls you act
negligent

(Verse 3: Lord Tariq

Embezzlement is intelligent, only if you're president
I take other rappers and pound them in the dirt
He say "stop it hurts" so I just make it worse
Arrive in limelight, grip my nine tight
Just incase it ain't safe, ya'll won't be taking my life
Lord Tariq don't hesitate to segregate
Or instigate the player hate, you know I am the
heavyweight
It won't be great when it's too late
I got too many hits to make, and yo

(Verse 3: Donnie)

Buy the merchandise, yeah we heard the lies,
Haters talk shit until we hurt them guys,
Burnt the pies, we kept it hot so long,
Did no wrong, now we must go on,
Can you deal with the appeal of Schemetti?
Every lady in the world know they must get me,
Ya'll are just shitty, when compared to me,
That's why I don't never worry about all you fleas,
More green than Greenland, know what I mean man?
That's why your team ran when they saw Donnie's clan,
Who can? We can, and that's what we plan,
Take it all over in the palm of thee hand,
Riding boats in Key West, girls know that we best,
I won't never see less than above all thee rest,
Don't never ever trip over B-I-T-C-H-E-S,
From the East to the West, money we gonna make
some,
Tariq, Gunz and Donnie, you know we never fake none,
For goodness sake son, step up and take one,
But don't bring no gats because you know we hate
guns,
