"A Strange Education"

I'll walk this long road
'til I find my way home
to someone familiar to
lay down my bones.

The trouble is nothing looks the same
the trouble is I don't think it ever will
ohh have you come for me
ohh have you come for me

Pull me out of the ocean
take me up in your arms again
just the way with the love you send
such a strange education
leads me into your arms again
castaway, lost again

stars in the dark sky
pull on my dark side
if this conversation wants to beat me dry

the trouble is I don't know what to say
the trouble is I don't think I ever will
ohh have you come for me
ohh have you come for me

Pull me out of the ocean
take me up in your arms again
just the way with the love you send
such a strange education
lead me into your arms again
castaway, lost again

I walk this long road
trying to get home
to someone familiar
like this voice on the phone

ohh have you come for me
ohh have you come for me

Pull me out of the ocean
take me up in your arms again
just the way with the love you send
such a strange education
leads me into your arms again
castaway, lost again

I try
I try
I try
Reach out and touch me
Touch me
Reach out
I try
I try
