I have come to claim my throne again
Seek revenge on you Sir Fortesque
Though my army is beyond the grave
I shall cast a spell and watch them rise

I call upon them to return
Break from your graves unholy ones

My name is Zarok The Sorcerer
I just want to take back what's mine
Lead my militia to overthrow this realm
You have intruded on sacred ground
You are blind to all it possesses
Unaware of the magic it beholds

I have been to hell and now I'm back
I will show no mercy, so beware
May the demons fall before you now
Like the wheat before the sharpened scythe

You may have won the battle now
But I shall surely win the war

My name is Zarok the sorcerer
I just want to take back what's mine
Lead my militia to overthrow this realm
You have intruded on sacred ground
You are blind to all it possesses
Unaware of the magic it beholds

You have been defeated, cast aside
This is my domain so don't return
I have achieved immortality
Thanks to you beloved Gallowmere

Now on to take over the world
This time my mission will succeed

My name is Zarok the sorcerer
I just want to take back what's mine
Lead my militia to overthrow this realm
You have intruded on sacred ground

You are blind to all it possesses
Unaware of the magic it beholds

My name is Zarok the sorcerer
I just want to take back what's mine
Lead my militia to overthrow this realm
You have intruded on sacred ground
You are blind to all it possesses
Unaware of the magic it beholds

{Oh, I wish James Mason would do a religious picture
He'll be perfect as Jesus
Daddy says, "The Bible's a load of bunko"
But we're all going to heaven
I'm not, I'm going to the fourth world
It's sort of like heaven
Only better because there aren't any Christians }
