I lay down on snow covered sheets of loneliness  
and I weep, I'm crying out for you  
I'm longing just to have one more chance

And right now...

...My hands are reaching out to you  
my heart is shattering in two  
I stand here frozen with fear  
please don't leave me here to live alone  
my world is grey without you  
I am so lost, no where to go

alone... I call your name  
Alone... I'm filled emptiness  
alone... no hope remains  
and alone I bid farewell  
so long... I end my emptiness  
so long... no name to call  
so long... no need for hope  
and so long, I leave this life

[SOLO : Laiho]

lay me down, this is my final resting place

I have failed, I let you down my dear  
this shame overwhelming inside of me

so goodbye...

...I have to leave my world behind  
I've fallen too many times  
now it's time to meet my destiny  
can't take rejection anymore  
I won't be missed anyway  
I'll fall into serenity  
Alone... I'm filled emptiness

alone... I call your name  
and alone I bid farewell  
alone... no hope remains  
so long... I end my emptiness

so long... no need for hope  
so long... no name to call  
and so long, I leave this life  
[SOLO : Laiho]

Alone... I'm filled emptiness

alone... I call your name  
and alone I bid farewell  
alone... no hope remains  
so long... no name to call  
so long... I end my emptiness  
so long... no need for hope  
and so long, I leave this life

Goodbye...
