I dwell on the times I've had
I can't seem to leave the past
I've lost who I am inside
My spirit has long since died
My eyes, they no longer see

My ears, they don't hear a sound
My lips, they have lost the taste

My hands, they no longer feel
Broken and torn am I withered and worm through time
So where do I go from here? Continue to breathe this
fear?

Your eyes, never see me grieve
Your ears, never hear my cries
Your lips, never speak the truth
Your hands, never hold me tight
I refuse to stay here and continue to live out this lie

This isn't living, I'm only existing
So I shatter the hourglass, hoping my time will pass
Because I'll only be noticed when my name is written in
stone

I've lost all the will to try
Weakend from sorrows past
My soul is made of glass
So I slowly wait to die

How long should I will regret? Why me? I have paid my
dues
So lost, how can I be found? I wish time would heal my
wounds

This isn't living, I'm only existing
So I shatter the hourglass, hoping my time will pass
I refuse to stay here and continue to live out this lie

Because I'll only be noticed when my name is written in
stone
This isn't living, I'm only existing

Because I'll only be noticed when my name is written in
stonel refuse to stay here and continue to live out this
lie
So I shatter the hourglass, hoping my time will pass
