It's all because of you, I'm feeling sad and blue  
You went away now, My love is just a rainy day  
I love you so, how much you'll never know  
You've gone away and left me lonely

Unintentional memory Seemed to depart to me  
Of love that's true  
That one day turned my gray skies blue  
But you disappeared  
Now my eyes are filled with tears  
I wishin you were here with me

Stop this love that I have for you  
Now that you're gone I don't know what to do

If only you were here, You'd wash away my tears  
The sun would shine and Once again you'd be mine  
But in reality, I know it will never be  
Cause you took your love away from me, .(repeat this line)
