Soul gets confused  
Pride loses power  
It's not the death  
It's a start of a new life

Leave your lie  
Try to sleep

Try to forget  
About this pain  
And about sufferings  
Try to forget  
About this pain

Try to believe  
In to this words  
They bring the honesty  
Try to believe  
In to this words

This is the final  
Of the regress  
You will be honest  
More obedient

This is the final  
Of the regress  
You will be honest  
More obedient

Skin is broken off on my body  
Heart beats very fast for me  
Skin is broken off on my body  
Heart beats very fast

This process is not so pleasant  
Like deceit of humanity  
But it is necessity

This is last way to the full change  
Of your minds and of your reason

I hope that you understand  
It is my duty and mission  
And I will take to you this chance

I am your source, which gives to you life  
I can't leave you within this chasm  
It is my duty and mission

Look at the sky  
You see, it's so perfect  
But it is not  
Home for your reign

I love you so much  
I have to help you  
But you should promise  
To create only truth

I know, it's so hard  
I know it's so painful  
But you have to try  
You must bring the light

Through tons of clouds  
Through set of miles  
You must forget mistakes

Here is the end  
Of the dreams  
You must forget

Here is the end  
Of the dreams  
You must forget

Get up, my son  
Son of the shame

Get up, my son  
Son of the shame

This process is not so pleasant  
Like deceit of humanity  
But it is necessity

This is last way to the full change  
Of your minds and of your reason

I hope that you understand  
It is my duty and mission
