Fucking on the floor, how we get this far
Legs over my shoulder, in a minute...
I'mma stay inside you as I pick you up
Dripping down your thigh, bitch I lick it up
All that I remember, is head on the...
And that ass look amazing, but you is...
I ain't get your name, I ain't had the time
But I ain't even need it for the things I had in mind.

Bridge:
We deep off together,
I grab you sweet,
Nobody said one thing,
One last call, know we... this verse...

Chorus:
All I know is we'd been fucking all night,
Dim lights, came twice, landing,
Lady stopping nice and going all night
All night, damn lights, so right
We fuck like we know each other well
Bo, what your name is?
And fuck, who you came with?
Bo, but what your name is?
Bitch, make you famous!

Something about the look in your eyes
Will let me know you were down for whatever.
And I know that I could come inside
That that will keep me around forever.
For damn, it feels amazing to me!

You walk through that door,
And the first thing that I saw
Was your thighs hugging my face,

My mouth on places unseen
And we'll be one hour...
But I hope nobody hears you scream!

Bridge:

We deep off together,
I grab you sweet,
Nobody said one thing,
One last call, know we... this verse...

Chorus:

All I know is we'd been fucking all night,
Dim lights, came twice, landing,
Lady stopping nice and going all night
All night, damn lights, so right
We fuck like we know each other well
Bo, what your name is?
And fuck, who you came with?
Bo, but what your name is?
Bitch, make you famous!

She said nobody ever got this pussy wetter than you
did, nigger
I've been trying to figure out how I end up on this... with
you
... we'd be fucking all night
I'll be... all night!
Oh, all night with you!

Chorus:

All I know is we'd been fucking all night,
Dim lights, came twice, landing,
Lady stopping nice and going all night
All night, damn lights, so right
We fuck like we know each other well
Bo, what your name is?
And fuck, who you came with?
Bo, but what your name is?
Bitch, make you famous!
