Stuck at work looking out my window  
Another beautiful day spent locked in a cage  
The weather man is trying to kill me  
Channel nine is trying to drive me insane  
85 with a chance of perfect  
The sun's shining and the water's screaming out my  
name  
Sick of this isolation, I think it's time for a little vacation

I'm gonna hit the beach  
Take a swim in the ocean  
Work on my tan with cheap crappy lotion  
Lay in the sand and watch the world pass me by  
I'm gonna seize the day  
Tell my boss maybe later  
Rent out a boat and sail the equator  
Put on my shades and drift into the sunset sky  
Singing my getaway lullaby

Times up, daydream's over  
Only 11:00 and it feels like 5  
I need a little motivation  
Otherwise I don't know if I'll survive  
Dirty looks from my supervisor  
Another second and I think I'm gonna fall off the edge  
Doesn't matter what they pay me  
I've had enough of the nauseating work week

I'm gonna hit the beach  
Take a swim in the ocean  
Work on my tan with cheap crappy lotion  
Lay in the sand and watch the world pass me by  
I'm gonna seize the day  
Tell my boss maybe later  
Rent out a boat and sail the equator  
Put on my shades and drift into the sunset sky  
Singing my getaway lullaby

Now I'm living life large in my flip flops  
Sunscreen, tan lines, itty bitty tank tops  
No job from noon to nine

8 days a week, no sleep till the end of July  
Livin it up one day at a time  
Doin just fine

I'm gonna hit the beach  
Take a swim in the ocean  
Work on my tan with cheap crappy lotion  
Lay in the sand and watch the world pass me by  
I'm gonna seize the day  
Tell my boss maybe later  
Rent out a boat and sail the equator  
Put on my shades and drift into the sunset sky  
Singing my getaway lullaby
