[Hook:]

Put your hands up we came to get down
Move your body when you hear the drum sound
We're gonna rock your body if you're feelin' naughty
You ain't got to worry cause we came to get down.
Put your hands up we came to get down
Move your body if you hear the drum sound
We're gon' rock your body body, feelin' naughty
naughty
No need to worry cause we came to get down.

Hey yo pop goes the weasel, Umali's cock diesel
The Filipino hero and I'm here to stop evil
You're not believable, the people do not feel you
The percy that you're playin, your music is not the real
you
Me I'm the real dude, I represent a real crew
We used to reppin' game back there and we still do
I'm sellin' millawith the soul of Dyla
I'm a stone-cold killa straight silver-back gorilla for
real-a
Got to fight over air mind drums
Y'all have first to testify what is still my flow
I roll a California finest, let it fill my lungs
Give 'em bars to remind them of the skills I brought
The odds are a billion to one, and I still got a gun
Despite the billion one reasons an excuse to run
I stood tat-hold, feet planted straight in the crowd
So when you see me recognize that I came to get down.

[Chorus:]

Put your hands up we came to get down
Move your body when you hear the drum sound
We're gonna rock your body if you're feelin' naughty
You ain't got to worry cause we came to get down.
Put your hands up we came to get down
Move your body if you hear the drum sound
We're gon' rock your body body, feelin' naughty
naughty
No need to worry cause we came to get down.

I come up in the spot looking extra hot
These haters staring at me wishing my success would
stop
They so mad cause my group be gaining extra guap
It's SunZoo motherfuckers we the next hip-hop
I make them put they hands up like they arpids hitch
This ain't cocky, nah bitch this is confidence!
I'm a monster I spin it like the Lochness fish
I got it locked around the globe like a catsule
And this is diplomatic immunity, nothing you can do to
me
Google me, you can see that none of the shit is new to
me
I been doin' it big, influence the kids
And while I make maneuvers, plan my movement, y'all
be losing to this
I'm on the who's-who'sness of who is the shit
It's foolish to think Yoon Mirae ain't the illest of town
I'm gonna take back the crown cause it's rightfully mine
And if you didn't know you know now, I came to get
down.

[Chorus:]

Put your hands up we came to get down
Move your body when you hear the drum sound
We're gonna rock your body if you're feelin' naughty
You ain't got to worry cause we came to get down.
Put your hands up we came to get down
Move your body if you hear the drum sound
We're gon' rock your body body, feelin' naughty
naughty
No need to worry cause we came to get down.

Get down or lay down don't you...
And knock them of their feet so when they hit the
ground they stay down
And when I'm on the mic I'm kinda like Paca threw out
the lay-grounders
I'm steady homie, circus round these rappers like a
grey town
It's the sensation, a manifestation of the greatest
anticipated event
Ever created to date. My whole show has created a
spoosh
I'm the father of the womb that created this face
Master of my destiny, I created my fate
Master of the ceremonies devastating decreed
Anything I say about you I'm a say it in your face
I'm the greatest I think that I'm a stay in my place
Sunzoo coming through

[Chorus:]

Put your hands up we came to get down
Move your body when you hear the drum sound
We're gonna rock your body if you're feelin' naughty
You ain't got to worry cause we came to get down.
Put your hands up we came to get down
Move your body if you hear the drum sound
We're gon' rock your body body, feelin' naughty
naughty
No need to worry cause we came to get down
