

Sunday Brave

"Break Out"

Visit "[Break Out](#)" on MotoLyrics.com

Hey, won't you come with me
Into a daring sea of lifelines
We will pick our favorite song
As we watch along, forever

Let's keep holding on, 'til morning's dawn
Let's find out way, we will find our way

We'll break out, and find out
What we can be, you and me
We'll fly away, get lost today
Leave our fears behind, I am by your side

Make your heart feel mine
We will burn this time, tonight
We will, we will find our way
Keep pushing through the hard times
Let's keep holding on, 'til morning's dawn
Let's find out way, we will find our way

When all this fades, dry your tearful face
And then you'll find our hearts in line
