I can tell how you love by the look in your eyes  
I can feel the warmth in every summer night  
We spent all alone with nothing to do  
Baby, I just want to burn brighter for you

'Cause I always thought no matter what  
A smile could make you stay  
But now that you're gone  
It feels like my love is a million miles away

Give me your heart, girl hold on to it tight, girl  
All I want to do is get closer to you  
And now that you're gone, I don't want to move on  
Even as we speak you fall faster from me  
If it takes some time, just to let your life  
Find it's way home to me  
Then I'll give you my heart, girl  
Hold on to it tight, girl  
All you have to do is believe in me

As I lay in the back, all the pills and the Jack  
Can't keep you away from me  
And the hell I go through, every day without you  
Baby I'm burning slowly

'Cause I always thought no matter what  
A smile could make you stay  
But now that you're gone  
It feels like my love is a million miles away

Give me your heart, girl hold on to it tight, girl  
All I want to do is get closer to you  
And now that you're gone, I don't want to move on  
Even as we speak you fall faster from me  
If it takes some time, just to let your life  
Find it's way home to me  
Then I'll give you my heart, girl  
Hold on to it tight, girl  
All you have to do is believe in me

'Cause I always thought no matter what  
A smile could make you stay

But now that you're gone  
It feels like my love is a million miles away

Give me your heart, girl hold on to it tight, girl  
All I want to do is get closer to you  
And now that you're gone, I don't want to move on  
Even as we speak you fall faster from me  
If it takes some time, just to let your life  
Find it's way home to me  
Then I'll give you my heart, girl  
Hold on to it tight, girl  
All you have to do is believe in me
