My eyes are barely spinning sideways and my words  
are get thrown around.

But now that we've got on our own ways, I think my  
voice is going to drown.

So girl, can you hear me whisper as we lay under the  
stars.

The night is cold, so hold me closer.

Oh, how did this fall apart?

And I swear I hear her voice, but it tells me to hold on.

A scent of flowers in her hair.

What once was here is all but gone.

Summer nights are tempting 'cause I'm easy.

Slow it down, I'm feeling you out.

'Cause oh know, I become more dangerous.

Baby, baby don't hold me down.

And I swear I hear her voice, but it tells me to hold on.

A scent of flowers in her hair.

What once was here is all but gone.

And I swear I hear his voice but it tells me to move on.

And I see them holding hands in light in all that has  
been done.

Sing out loud,

Come on and let yourself go,

Come on and let it all out.

Sing out loud,

Oh yeah, I'm losing control so fall into my arms once  
more.

Sing out loud,

Let's take it back to the start, I'm falling head over  
heels for you.

Sing out loud,

Come on and sing it once more so we can fall in love  
again.

And I swear I hear her voice but it tells me to hold on.

A scent of flowers in her hair.

What once was here is all but gone.  
And I swear I hear his voice but it tells me to move on.  
And I see them holding hands in light in all that has  
been done.
