I've got a girl down in California  
And the golden sun brings her home to me  
She laughs as she twirls  
In her own little world  
As the ocean waves crash around her body

She's sugar sweet  
She's all that I need  
It's taking all that I have to hold on  
Her angel eyes, a clever disguise  
I'm doing all that I can to move on, move on

I've got a girl who swears that she is innocent  
When the night is young she starts to make her move  
But this feeling I get from the taste of her lips  
Her head on my chest, my hands are shaking  
So make your move

She's sugar sweet  
She's all that I need  
It's taking all that I have to hold on  
Her angel eyes, a clever disguise  
I'm doing all that I can to move on

It's the way that she plays  
With her sex appeal  
So I can feel the way  
That she moves  
So carefully  
It's killing me  
Ohhhhh oh

She's sugar sweet  
She's all that I need  
It's taking all that I have to hold on  
Her angel eyes, a clever disguise  
I'm doing all that I can to move on

She's sugar sweet  
She's all that I need  
It's taking all that I have to hold on  
Her angel eyes, a clever disguise

I'm doing all that I can to move on  
Move on
