It's 2AM, all the memories
Won't leave my head
The thought of us is drowning me
I close my eyes, and shield the pain
Cause missing you won't get me through
An endless sea of rainy days

Drip drop, the sound on your rooftop
Bang bang, baby don't let your heart stop
Tick tock, yeah I'm your alarm clock
Wake up and you will see

Thunderstorms can't keep me without you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds won't hide
All that I've been fighting for
Our love is like a thunderstorm

The morning calls and ends the night
All the damages are done
Pick up the pieces left inside
So here we are, for better or for worse
What's left of this town
Won't replace the hurt

Drip drop, the sound on your rooftop
Bang bang, baby don't let your heart stop
Tick tock, yeah I'm your alarm clock
Wake up and you will see

Thunderstorms can't keep me without you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds won't hide
All that I've been fighting for
Our love is like a thunderstorm

When it rains, it pours
What am I still drowning for
When it rains, it pours
What am I still drowning for

Thunderstorms can't keep me without you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds won't hide
All that I've been fighting for
Our love is like a thunderstorm

Thunderstorms can't keep me without you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds won't hide
All that I've been fighting for
Our love is like a thunderstorm
