'Cause I really want to,
Wake up beside you, get bed head beside you,
Sleep in if you'd like to.
And I just wanna know, whats on your mind
We'll stay up all night.

I must of missed my que.
If what you said was true,
So pardon the intrusion,
But I really wish I knew,
Why you're staring from across the room!
You know you make me wanna...

I'd hate to be the one to tell you,
But I think it's finally time you let loose,
I don't mean to inply,
But you're with me all the time.
And your boyfriennnds gone tonight,
And I know you wanna...

I really want to,
Wake up beside you, get bed head beside you,
Sleep in if you'd like to
And I just wanna know, whats on your mind,
We'll stay up all night.

And I know you wanna,
Wake up beside you, get bead head beside you,
Sleep in if you'd like to,
And I just wanna know, whats on your mind,
We'll stay up all night!

You make me wanna scream! (woahh, woah)
You make me wanna scream! (woahh, woah)

You make me wanna,
Wake up beside you, get bed head beside you,
Sleep in if you'd like to,
And I just wanna know, what's on your mind,
We'll stay up all night!

You know I want to,
Wake up beside you, get bed head beside you,
Sleep in if you'd like to,
And I just wanna know, what's on your mind,
We'll stay up all night!

I really want to,
Wake up beside you, get bed head beside you,
Sleep in if you'd like to,
And I just wanna know, what's on your mind,
We'll stay up all night!
