"September Skyline"

So let's drive tonight, we'll race the autumn skyline.
And should I fall tonight, we'll know just what it takes to
feel alive.

So please believe that I am shy in my defeat.
You know, I'll say that I've been fine, but no, I'm lying
through my teeth.
I need a spark, I need a fire, I need confetti from the
sky.
I need you here, tonight.
These broken ribs are biting me inside.

Well I know it's circumstance alone that we speak of,
today,
when tired hearts are burried in the mud and barely
beating.
We'll find a noble reason to follow through, we always
do.
We'll fake a smile and leave to lick our wounds.

September's falling hard, and we're seven states apart.

So let's drive tonight, we'll race the autumn skyline.
And should I fall tonight, we'll know just what it takes to
feel alive.
Tonight, we'll race the autumn skyline.
And should I fall tonight, we'll know just what it takes to
feel alive.

I'll never forget this [x9]

So let's drive tonight, we'll race the autumn skyline.
And should I fall tonight, we'll know just what it takes to
feel alive.
Tonight, we'll race the autumn skyline.
And should I fall tonight, we'll know just what it takes to
feel alive.
Tonight, we'll race the autumn skyline.
And should I fall tonight, we'll know just what it takes to
feel alive.
