Superstar Status - So Fine

(Mista Rome)

Baby come and kick it / Wit the nigga from the block  
Everytime i drop / Chickenheads gone flock  
Boo I'm really diggin and i just can't front  
You and me together / We can tag team stunt  
Shawty from the top / You can rock my chain  
Thirty six months / You can rock my name  
Shawty I'm for real / I ain't joking, i ain't playing  
What ya last nigga can't / baby girl i can  
I'm a real nigga / Aye lil momma don't trip  
Wanna fuck / In my head i can taste yo lips  
Make me say / Damn how she get so fine  
You can make a fag / Wanna shawty like mine  
Girl off the chain / In the real tight dress  
Any other chick / And i'll be settling for less  
She ain't like the rest / She ain't dealing with the stress  
Baby girl holla back / You can kick it with the best

Chorus 2x (Josie)

Oh, I'm feeling you  
I'm really feeling you  
You're so fine  
-Mista Rome: So fine! She so fine! She so fine, so fine,  
so fine!

(Killa Shay)

My nigga so fly / So cool  
My nigga GQ / In the old school  
My nigga got swag / And a big dick  
My nigga hit the black / Then he talk shit  
Look so good / In the blue drop  
Light green / When he stop paint flip flop  
Gold teeth in his mouth / Like sun shine  
Rock hair down his back / Just like mine  
Stay up on his grind / Don't waste time  
And he keep a fuckin nine / On his waist line  
He ain't never been late / For my peep show  
And he like to put his mouth / Where the dick go

Straight from the hood / So he fuck good  
Hit it from the back / In the pitch black  
And it ain't another bitch / That can take mine  
I'm a act a damn fool / Cause he so fine

Chorus x2

(D N Ice)

I keep my chick laced / With the new shit  
Then every other night / We gotta do shit  
She be rocking size 8 / Jimmy Choo shit  
And they go together nice / With her blue shit  
So sick, camera flash / When she walk through  
Bad bitch when she pass / What you want boo  
Get a sample of that ass / When i slide through  
Pull them muh'fucking Vickies / To the side boo  
Dick hard as a rock / Cause i miss you  
And I ain't talking bout yo mouth / When i kiss you  
She more than i dime / I don't do cents  
And Beauty is her name / So that make sense  
Dimple on her face / So sexy  
And she make crack a mile / When she text me  
The girl so fine / Like J-Lo  
And she gone be mine / If i say so

Chorus x2
