Silently Seeking Euridice

(a) A Lover's Tale

The tear is in my eye  
What can I say  
The crow has flown away  
His wings dissolve like the river, swept away

The toys you have played with are toys no more

Climbing the spiral stair  
Each step you take you must beware  
The railing you hold on to  
One day can break and give away  
Treachery is nothing new my love  
It's the game in life we play  
The stairways in life forever  
Taking us home

(b) The Stalker's Dance

Couldn't I dance with everybody  
Could I dance with you tonight, could I dance

Couldn't I dance with everybody  
Could I dance from left to right  
Couldn't I take you over the ocean, open up your eyes  
Offering life with a new emotion  
Could I dance with you tonight  
Couldn't I dance with everybody

Wouldn't I dance with everybody  
Would I dance from left to right  
Wouldn't I take you over the ocean waves

Couldn't I dance with everybody  
Could I dance from left to right  
Couldn't I take you over the ocean, open up your eyes  
Offering life with a new emotion  
Could I dance with you tonight

Couldn't I dance with everybody

Couldn't I dance with everybody  
Could I dance from left to right  
Couldn't I take you over the ocean, open up your eyes  
Offering life with a new emotion  
Could I dance with you tonight  
Couldn't I dance with everybody

Wouldn't I dance with everybody  
Would I dance from left to right  
Wouldn't I take you over the ocean waves  
Wouldn't I dance with everybody  
Would I dance with you tonight  
Wouldn't I take you over the ocean waves

(c) Fixing Broken Hearts

Do you know what I found that evening  
Tears were all I had to take the pain  
All alone and here I am  
Here I am

Every time I thought that I was close to you  
The railing snapped, my world came tumbling down  
Your treachery was such that I was forced to run and  
hide  
And beg to die, beg to die

Still today I think of you  
At times when I'm alone  
It's a message in my body  
It's that doorway to my soul  
It's kind of a religion  
A man must find himself to see what angels see  
In the end he only sees himself  
He only sees himself

(d) The Trickery

Once I thought an angel came to take me home  
To give me the wings of the crow  
But the angel dissolved like the river  
Swept away

(e) The Stalker's Stance- Intending It

Couldn't I dance with everybody  
Could I dance from left to right  
Couldn't I take you over the ocean, open up your eyes  
Offering life with a new emotion

Could I dance with you tonight  
Couldn't I dance with everybody

Wouldn't I dance with everybody  
Would I dance from left to right  
Wouldn't I take you over the ocean waves  
Wouldn't I dance with everybody  
Would I dance with you tonight  
Wouldn't I take you over the ocean waves

(f) Will-o'-the-wish  
(The Illimitable Continuation Of An Ongoing  
Infinite Pursuit.....)
