When across us there's no hope for us
I wanna clean to, I wanna clean to
Knowing He's coming
And put ourselves in his height
Run the world as... up to the top
I wanna follow Christ with you
Where the healing it, where the rites up high time

When we swore measures a spy superficial stand us
We must remind ourselves we stand by God's love
In God's perfect sign

When my flash says love yourself first
Look out for number one
I want to love Lord beyond all measure
And love you as my own heart
When the world says all the faith's move on
I want to love on with my body soul strength
Love you with the faithfulness the God had shown to
me
When the world bats it's eyelashes and reaches for my
heart
I want to guard it for you my beloved locked to every
keep at yawns

When the accuser hangs our sins like waits on our
shoulders
I want to lay them all in the purest hands
Touch for my sin and set me free

When myself righteous wants to judge you
I want to remember
I am only to saved by priest and dive by my...
When hurt built up a shell to keep it's bitter brokenes
Jesus break through bring forgiveness for embrace
Wash away the grudges

When just calms I want to squeeze your hand
Knowing together we will see his Face
Who has save him... in his never handing...

DO you glad in the wind
Do you... our Jesus need
May your love candle...
There's no chance in the places in all days,
Always, always
