[Sorry if I made any mistakes..
Some parts I couldn't understand very clearly what they
said..]

I saw a story on the news today
It made me wanna throw up
About a girl who just won't go away
I think we've all had enough
And now I heard she said the 'N word',
Then she said she's just like me
Well I don't have 50 billion dollars in my family

So here's to you Paris Hilton,
Could you hear me when I say,
you've got everything you want,
so could you please just go away

Here's to you Paris Hilton
Could I say what's on our mind
Go away
Go away
Paris Hilton, leave America behind

I saw her picture in a magazine,
I saw her book in the store,
and she had sex on my computer screen,
but I just can't take anymore

Well, when I'm alone and thinking
That's she's really just a (snot?)
And if she never said another word
We all would say that's hot?

So here's to you Paris Hilton,
Could you hear me when I say,
you've got everything you want,
so could you please just go away

Here's to you Paris Hilton
Could I say what's on our mind
Go away

Go away
Paris Hilton, leave America behind
Behind
Behind
Behind
Behind
Leave America behind

Leave us all behind.
