Talking 'bout payback
Pussy mother fuckers try to talk that shit - fuck that
Talking 'bout the way back
When everybody used to try to talk back
They ain't got jack
Yeah!
If you wanna [!] with this
You wanna [!] with this
You gotta make a fist
If you even wanna fuck with this
And by the fucking way
I don't mistake your predictions
For anything but mother fucking fiction
There will be friction
It's your deviant nature
Go where it takes you
Do what it makes you
(repeat 2 times total)
Yeah!
And if you think I even care about your fucking ass
To move that shit you gotta find me
When you get done with that you better mind me
Get behind me
Yeah!
If you wanna [!] with this
You wanna [!] with this
It's your deviant nature
Go where it takes you
Do what it makes you
(repeat 3 times total)
You're a Freak of Nature (repeat)
It's your deviant nature
Go where it takes you
Do what it makes you
(repeat 4 times total)
