White Noise

It's never the right choice
With Idiot-box talk
Just slammin' the shit
A backlash
With an alien contract
They're making their contacts
Embrace your city
I'm not going down
I'm taking over
Turn me around
Before you chill me
[and then you chill me]
Rat race
Coming from out of the grave
They're taking over the airwaves
To put you in chains
In that case
I'm backing up my shit
I think I'm over it
You better brace your city
I'm not going down
I'm taking over
Turn me around
Then take me over
I'm not going down
I'm taking over
Turn me around
Then take me over
Don't blow me away
Don't learn how to lie
Just throw me away
And open my eyes
Don't blow me away
Just show me the way
I'm not going down
I'm taking over
Turn me around
Then take me over
I'm not going down
I'm taking over
Turn me around

Before you chill me
[and then you chill me]
I'm not going down
I'm not going down
I'm not going down...
(repeat and fade)
