Let your burden slip away  
Wipe the warm tears from your face  
When I'm holding you this way  
It's no ordinary day  
No ordinary day  
Hold me close tonight  
Morning seems so far away  
Close your eyes and fly  
In the love we share today  
Tomorrow I'll be gone  
Jet plane leaves at early dawn  
Baby keep me warm  
I really want to stay  
Believe me when I say  
(chorus)  
I love that lovin' look in your eyes  
It's much too stron to get lost in goodbyes  
You'll always be the love in my life  
Always, Always  
When feelings run this deep  
When looks can tell what lips can't speak  
It's a special kind of love  
It must be from above  
So baby don't be blue  
I'll be comming back to you  
Cinderella sighs  
Don't say it ain't right  
Cause I'm holding you tonight  
Chorus  
Let your burden slip away  
Wipe the warm tears from your face  
When I'm holding you this way  
It's no ordinary day  
No ordinary day  
I love that lovin' look in your eyes  
It's much too stron to get lost in goodbyes  
Angel, you'll always be the love in my life  
Always, Always  
Oh Angel, you'll always see love in my eyes  
Always, Always
