I'm on a road
And I can't go back
A city door, a mausoleum
when she invited me in
Gave me alive
Smoke through my lungs
and blew me a kiss
through my own window

I used to be
the only good guy left in town
She hypnotized and ___ private eyes
I want to be,
I want to see what she hides
underneath her coat

I can't go back again and lock the door
in the dead of night
I hear her call out for more

I am a slave of the moonlight
I am a night owl

A thousand men have fallen for her wide-eyed
A thousand anchors couldn't hold back the ship
And all her lovers
Yes, all her lovers
They will sleep for ever and ever and ever

I can't go back again and lock the door
In the dead of night I hear her call out for more
I want to be stung by the stars
I gave her my soul and my heart

Sweet Selena I am your knight of noir

No, I can't go back again and lock the door
In the dead of night I hear her call out for more and
more
I want to be stung by the stars
I gave her my soul and my heart

Sweet Selena I am your knight of noir
