Oh, my love  
Can't let you walk out of my life

Time has a way of slipping right between your fingers  
You can think of all the things you should have said to  
your love after love's gone  
I've been too shy to come out and say what I feel inside  
If you take a minute, baby, just to sit down and listen to  
my heart

CHORUS:

My love  
I can't let you walk right out my life  
You know it just hurts letting you go  
Baby, you know time's not on my side  
I love you so  
My love  
I can't let you walk out of my life  
You know it just hurts letting you go  
Hoping that it's not too late to say  
I love you so

I've been so wrong holding back my deepest feelings  
I should have told you every secret I was holding inside  
my mind  
I thought you would just laugh at me if I opened up my  
heart  
I can see that I was mistaken, I should've given you my  
heart

CHORUS

(Givin' you up)  
I can't stand to hear that  
(Givin' you up)  
I can't stand the thought of losing you  
(Givin' you up)  
I can't stand to see ya go  
(Givin' you up)  
Baby, don'tcha know what you mean to me?

CHORUS  
(repeat and fade out)
