Hush my baby
Little darling
Silvery dreams are
Golden in the morning

Dreams in velvet
Sew them on the evening sky

Thread of hope with
Diamond pearls on
Sew them on the velvet sky
So you can try them on

In your dreams where
Everything you wish will come true

Climb the stars and

They're going to take your gloves off
Make a journey

They're going to take your gloves off
Some will lift you higher up

They're going to burn your eyes out
Some will burn out right before your eyes
Until there's nothing left to see
Some will take you

Then they'll take you
To another galaxy
