Maybe we didn't belong,  
maybe the void was there between us all along.  
No one can make me forget like you.  
You had a dream to pursue,  
I tried to build my aspirations next to you,  
and now,  
pieces of broken history is all you give to me.

So here we are, my dear,  
just me and you,  
another day just passed away,  
and baby,  
here we are again,  
and nothing's new.

I don't know where we went wrong,  
I always thought that we would sing our happy song.  
No one can keep me in two/into like you.  
You always saw, what was mine,  
I haven't heard that voice I know for quite a while,  
and now,  
it seems like our time has come,  
'cause we have come and gone.

So here we are, my dear,  
just me and you,  
another day just passed away,  
and baby,  
here we are again,  
and nothing's new.

Someday soon we'll walk the road to rip ourselves  
apart.  
Baby, walk with me.  
'Cause we are still the way  
we were,  
and all our desperate moves will lead us only nowhere.  
Baby, move on.

'Cause here we are, my dear,  
just me and you,

another day just passed away,  
and baby,  
here we are again,  
and nothing's new
