"Stay With Me"

Stay with me through all the lonely nights Stay with me
the dark it needs your light Won't you stay with me
Please don't go, the skies are turning grey I need you
so, how could you walk away Plesa don't go, I need you
so, stay with me Please don't leave a broken heart
alone Stay with me, we'll make the stars our home
Please don't go, I need you so, stay with me Under a
lonely tree I asked her stay with me She looked me
square in the eye Then she did answer me not with the
words I seek But with a mournful sigh.
