Bring it all to me -  
I can take a scream.  
Let it out.  
We can cab downtown,  
find a way to drown,  
down and out.

Don't you take it so hard -  
it will come.  
This is straight from the heart  
that's had nothing come it's way.

You know that you can hide  
in my giant cardboard mansion,  
with the magic marker monogrammed walls.  
Come around; while those around us rise,  
we can speak in coded language,  
uh-huh.

Not much to read into, never was.  
Work it out.

Don't you take it so hard -  
it will come.  
This is straight from the heart  
that's had nothing come it's way.

You wanna hide away, yet in just a day  
everything could change.  
With just a lucky break,  
you could break away to a better place.

She said, "Kill me!  
I've nothing to grab and it's all I have."  
I said, "Slow down. You've got so much  
and no one can touch you.  
Hang on.

Take it from me:  
it's making you stronger.

Don't let it get you down.  
Don't let it get to you."
