Shades of darkness, staring at my misery  
Blood follows the blood, my fate has already been  
sealed  
Corridors of pleasure, a passage to hell it seems  
Where am I, what have I done, to be here in this place.

Painfull screaming to your god  
Useless sinless thoughts  
Eating cadavers to stay alive  
Existing, but not living

Screaming to oblivion

Eating cadavers to stay alive  
Existing, but not living

Raging ghouls, burning flesh  
Living vomit, is this a test

Creation of hate, destruction of peace  
Demise of time... Chaos brings order  
Raging ghouls, burning flesh  
Living vomit, is this a test

Screaming to oblivion

Corridors of pleasure,  
A passage to hell it seems  
Where am I, what have I done  
To be here in this place

Raging ghouls, burning flesh  
Living vomit, is this a test

Chaos  
Chaos brings  
Chaos brings order
