Welcome in my gallery, place of educated crime  
Mansion of the deep red fantasy, house of endless  
time

I witness the birth of brutality, revolution silence  
Welcome in my gallery, place of educated crime

I witness, i lie, i kill and mortify  
Confused and scared while the rape is taking place

Mansion of the deep red fantasy, house of endless  
time

I'll be the butcher in this strange malevolent place  
Joy of pandemonium and the mime of fear

I witness, i lie, i kill and mortify  
Confused and scared while the rape is taking place  
Welcome in my gallery, place of heavenly crime  
I am the malice, viciously designed  
Mansion of the deep red fantasy, enter and die  
Welcome in my gallery, residence of crime

I witness, i lie, i kill and mortify  
Confused and scared while the rape is taking place

Welcome in my gallery!!!
