Why do you keep looking out the window?  
Is it something left behind or never found?  
Mmm, do I even want to know?  
How, if you knew what I was thinking  
I wonder if they'd even draw a tear  
Oh there's just one way to find out

Go, go, go

Did sirens steal your heart when you weren't looking?  
Where'd you learn to lie the way you do?  
Looks like you made up your mind  
I'd have to say I didn't see this coming  
But who does  
You won't see me standing in the door

So go, go, go

I don't want to hurt you  
Do you ever listen  
I don't want to run  
You're not the only one  
I don't want to touch you  
Tired of being broken  
Oh look what we've become  
Look what we've become  
I don't even care  
I don't really need you  
I don't want to

Go, go, grow

I don't want to go  
I don't want to stay  
I don't want to stay  
I don't want to go
