Why are you so far from me?  
In my arms is where you ought to be.

How long will you make me wait?  
I don't know how much more I can take.

(Chorus:)  
I missed you  
But I haven't met you  
Oh but I want to  
How I do

Slowly counting down the days  
'til I finally know your name

Oooh, the way your hand feels round my waist  
the way you laugh  
the way your kisses taste

(Chorus:)  
I missed you  
But I haven't met you  
Oh but I want to  
How I do  
How I do...

I've missed you  
But I haven't met you  
Oh I missed you  
But I haven't met you  
Oh but I want to  
Oh how I want to

Dear, whoever you might be  
I'm still waiting patiently
