Yeah, go ahead and try, but it won't change you, no
'cause your excuses don't add up
You could rain a river how you cry for me,
I can't no longer fight 'cause I can't help feeling
like

All this shit, there's really no turning back,
Anyway this is it,
It's too late,
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?

I need you out of my life

I need you out of my life

So do you think of me when you're with someone
else?
You make me wish you'd go to hell,
Now you're acting out like you're some crazy bitch,
But your name's on this, can you blame me for
feeling like

All this shit, that's really no turning back,
Anyway this is it,
It's too late,
Where do we go from here?
Where do we go from here?
Where do we go from here?
Where do we go from here?

I need you out of my life

It's too late to even
Hear you out
Don't bother, don't hold your breath,
You had someone else in your bed,
So tell me, just tell me
Where do we go from here?

I need you out of my life
I need you out of my life

When you call
On the phone
You'd be
So-orry,
Just like now
You can't even look me in the eye
Where do we go from here?
