I know that face
You've had it rough but now I'm here
Rest your head on my chest
Pull close to me
My only job is helping you just relax
You've got the world on your shoulders
So sit back

I'll put a little record on
A sexy song
And I'll leave the curtains drawn
That's what I wanna do
Then I'm gonna kiss away all the pain
And the troubles of your day
That's how I'm gonna love you
Oh and I won't stop
Until everything wrong is gone
I'll sing my sexy song

I know you love my red dress
Baby but tonight
I'm just wearing these sheets
Nowhere to go
The only place you need to be
Is here with me
Anyone that calls let it ring

I'll put a little record on
And I'll leave the curtains drawn
That's what I wanna do
Then I'm gonna kiss away all the pain
And the troubles of your day
That's how I'm gonna love you
Oh and I won't stop
Until everything wrong is gone
I'll sing my sexy song

I'm gonna light up all the candles
Yeah and pour us some wine
Baby when that music hits you
You'll be feeling just fine

Put a little record on
A sexy song
And I'll leave the curtains drawn
That's what I wanna do
Then I'm gonna kiss away all the pain
And the troubles of your day
That how I'm gonna love you
Oh and I won't stop
Until everything wrong is gone
I'll sing my sexy song
