First vers:

As I'm on to the next one,  
But first I got to say this,  
You had your turn.  
Nw this is my turn,  
You gonna sit down and listen,  
I don't care if your in a hurry. oops!  
Got you wandering how I made it here,  
See I'm a silent hustler.  
You've been bucking and roawing,  
You didn't scare off.  
Let me remind you,  
Earth is a circle, so as life.  
What goes around comes around.  
And that is called KARMA. well,  
Now I can geuss you thinking,  
You should have thought about that before you let me  
down.  
Now I'm back on my feet,  
I don't need you.

Chorus:

As I'm on to my victory,  
Though this wind is blowing,  
These wings wont let me down,  
I'm almost in the sky I can see my desten'y.

Second vers:

As I'm about to flip to the next page,  
Behind with past. Just like Jay-z,  
I'm on to nex... on... on... to next one,  
I know some of your'I thought I wouldn't make it this  
far.  
But guess what? I made it.  
Now I'm flying high, so high as a jetter.  
My spaceship is about to take off,  
I'm off to the space. no body can stop me,  
You can't reach me.  
Now you wanna make peace you should have done that  
long time ago.  
But then I forgive you.

Because I will never ever let you stand on my way  
again.
