Hell and back where the shiver grows  
In the darkest place  
On and on in this hidden world  
Deceiving on deface

A fire is over me  
Look into another dimension  
A fire is over me  
I can't believe the tension

Do you see the burning hell  
Die on command?  
Do you hear the final bell  
Die on command?  
Die

It doesn't matter what you see  
Penetrate your feelings  
Independence, democracy  
You don't know with whom you're dealin'

A fire is over me  
Look into another dimension  
A fire is over me  
I can't believe the tension

Do you see the burning hell  
Die on command?  
Do you hear the final bell  
Die on command?  
Die, die

A fire is over me  
Look into another dimension  
A fire is over me  
I can't believe the tension

Do you see the burning hell  
Die on command?  
Do you hear the final bell  
Die on command?

Do you see the burning hell  
Die on command?  
Do you hear the final bell  
Die on command?  
Die, die on command  
Die on command
