Well, she hurts me deadly
She's gonna pay the price
My neck screams in pain

And it really doesn't matter
She's starting to play games
Well, I'm just playing the game

It's a mind game going on
So innocent, gone is her desire
The final human silence
A higher level violence

Eye to eye, we see
We entertained the truth
But there are no more reasons

Well, her heart left me
A long, long time ago
She enjoys my bleeding feelings

It's a mind game going on
So innocent, gone is her desire
The final human silence
A higher level of violence

Well, she hurts me deadly
She's gonna pay the price
My neck screams in pain

And it really doesn't matter
She's starting to play games
Well, I'm just playing the game

It's a mind game going on
So innocent, gone is her desire
The final human silence
A higher level violence

The final human silence
A higher level violence
A higher level violence
