Sinner

Remember times we're acting wild  
Our pulse was beating tight  
We have an aim, we could believe  
You exposed a brand new side  
You're only live to criticize  
I have to face reality

The innocence's gone  
Your roses ... faded for too long

[Chorus 1:]  
Some truth has better left unknown  
Some dreams will never die  
Two hearts will be facing the truth  
Beating to survive  
A secret to keep [2]

The single touch was like a spark  
And it opened up my heart...  
That there are some other ways  
I have to leave this twisted road...

For reasons better left untold  
As the naked truth comes walking in

Well, my soul is caged  
Sweet devil behind a pretty face

[Chorus]

The single touch was like a spark  
And it opened up my heart...  
That there are some other ways

The innocence's gone  
Your roses ... faded for too long

[Chorus 2:]  
Some truth has better left unknown  
Some dreams will never die

Two hearts will be facing the truth  
Beating to survive

[Chorus 2]

Some truth has better left unknown [2]
