Thunder Roar

I will mark you face
Too many years have gone
I will find your trace
Even where you will run

Don't hesitate
We're lightyears away
When hell comes down
You cannot stay stay

In the desert
They turned into stone
Where nights are so long
I survive without fear
The reaser why death came back
Sealed when I'm gone

Thunder Roar
I will answer your call
Thunder Roar
When mankind is gone

I'm after you
In dimensons unknow
The battleground
The millennium was gone
Stratospheres
The fight far away
The hellmachine
Will lock up the gate

In the desert
They turned into stone
Where nights are so long
I survive without fear
The reaser why death came back
Sealed when I'm gone

Thunder Roar

I will answer your call
Thunder Roar
When mankind is gone
