She looks up, wiped the tears from your eyes
She's fourteen, wants her father to die
Sadism sucks, mother surrenders on fear
She ain't gonna cry, nothing left to feel

He will never turning, her heart was burning
Eye to eye, her cradle was rocked, run away

Hang tough, troublemaker
Hang tough, you're not to blame
Hang tough, troublemaker
He's burning now in flames

She woke up, he slapped her face
Darkened the room, tried to violate her
She tried to talk, he made her a fool
Look out it could happen near you

Neighbors don't listen, swallow the pain
She planned her vengeance today, run away

Hang tough, troublemaker
Hang tough, you're not to blame
Hang tough, troublemaker
He's burning now in flames

One shot, his blood congeals in tears
Will a judge listen, can he repeat her fourteen years

Hang tough, troublemaker
Hang tough, you're not to blame
Hang tough, troublemaker
He's burning now in flames

Hang tough, troublemaker
Hang tough, you're not to blame
Hang tough, troublemaker
He's burning now in flames
