[Intro:]

Only for you

Only for you

Yeah baby

Baby

Yeah yeah yeah

I do this all for you

No matter how hard it gets

I do this all for you (yeah)

You depend on me

Me depend on you

[Verse 1:]

Pretty baby

Please don't worry yourself

Even though you see

A lot of things that we can't afford

That is on the selves

I'm working two jobs, yeah

I'm doing my best

Only for you and no one else

We've got a son and a daughter

That we have to do our best to look afta

And getting much for my pay

But nothing me nuh want dem fu shorta

Sometimes it's so crazy

And I know it's not easy

But please, bear with me all

[Chorus:]

I do this all for you

No matter how hard it gets

We'll make it through

I do this all for you

You depend on me

Me depend on you

[Verse 2:]

Hush, hush

Don't you cry
Don't you
Hold on
You've got to be strong
I can't get weary
No, can't get away
I've got to keep on
Pushing and pushing and pushing
The greatest thing for me is to know you're there
And me neva round through the times
To show me you care
It's a family affair
I ain't going nowhere
So when you need me
I'll be right here

[Chorus:]

I do this all for you
No matter how hard it gets
We'll make it through
I do this all for you (yeah)
You depend on me
Me depend on you

[Outro:]

Only for you
I'm gonna be here
For you
For you
For you
For you
